# PAK VS BAN MATCH ANALYTICS

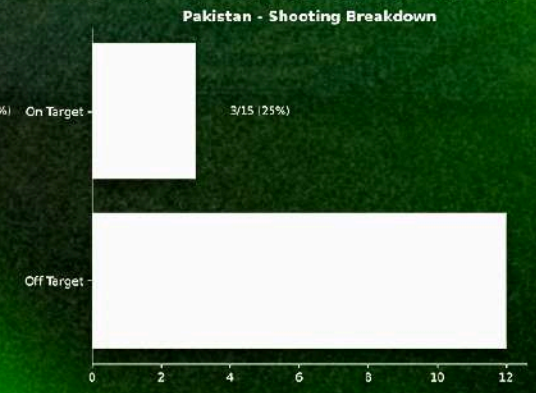

Pakistan controlled possession and maintained strong passing accuracy throughout the match. However, final third conversion was poor, with the statistics showing that most shots were off target, preventing the team from making the most of their chances against a 10-man Bangladesh side.

**Pakistan vs Bangladesh | Final Score: 0 - 0**

# PAK VS AFG MATCH ANALYTICS

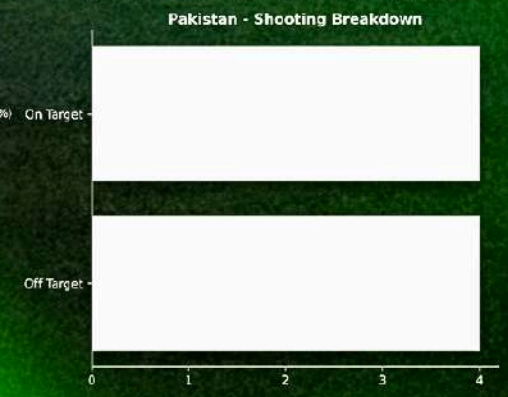

Unlike the first two matches, where Pakistan controlled the game through possession, this performance showed the team's ability to win with less of the ball. Despite lower possession, Pakistan remained in control through its system, maintaining strong passing accuracy and efficient final third conversion.

**Pakistan vs Afghanistan (Group Stage) | Final Score: 2 - 0**
